REPORT OT SAINT NICHOLAS' FUND

I apologize the report could not come earlier because the assistant pastor who is in charge of the Parish's finance, was on vacation; my new responsibilities, as Vicar General, kept me busy most of the time out of the Parish. I feel embarrassed with the itemization proposed by the paper because the fund was used widely for other purposes not indicated on the paper.

Received \$21396.26US X \$7.35HT	\$157.262,51HT
TRAINING OF LAY COLLABORATORS	9.751,00
HELP TO THE POOR	5.000,00
GAZ FOR TRUCK AND GENERATOR	17.000,00
TRUCK AND GENERATOR REPAIR	36.425,00
EARTHQUAKE VICTIMS	80.327,00
CHURCH REPAIR	13.275,00
7 GOATS FOR 7 VICTIMS OF THE EARTHQUAKE	4.200,00
1 COW	7.000,00
TOTAL	\$172.978,00

I address sincere thanks to all the donors of Saint Nicholas' Parish who have helped me to face that great challenge to rescue thousands people who came up to Maissade after the earthquake in search of a more secure life. That fund constituted the only serious help we received on occasion of that tragic event. Most of the victims came back to Port-Au-Prince because at Maissade they could not receive the assistance they were expecting for. Those who still remain, come to the rectory expecting some assistance, they are always disappointed because we have no possibilities to give them any satisfaction. Thanks to all Parishioners of Saint Nicholas whose generosity has permitted to rescue those who could be rescued.
